Dear Potential Sponsor,

I am writing to you on behalf of the Wade Hampton High School (WHHS) Band Program, in Greenville, SC. We have a small but growing marching band program, and we compete among many bands who may be twice our size and larger. Our students have both the talent and desire to be competitive. They work hard to make their community and themselves proud and that work is paying off – the marching band was honored to be invited to compete at the State Competition for the last two years and the concert band received Superior with Distinction at this year's concert assessment!

Participation in band fosters responsibility, confidence, scholarship and leadership in students who in turn will become assets to our community. Public school funding for arts programs, including band, continues to be reduced, while the expenses of operating a competitive band program continue to rise.

- WHHS Band Boosters conducts several on-going volunteer-driven fundraising programs, such as football visitors-side concessions and the band fruit sale.
- Our band parents and students demonstrate their support by participating in individual fundraising.
- We seek assistance from community sponsors.

We ask that you consider a donation to help pay for essential equipment needed for practice, props used during performances, carts that enable us to get equipment on/off the field, trucks to transport equipment to our competitions, payment of additional instructional staff, and more.

Donations to our 2019 Fundraising Drive can be made by visiting our website at www.WHHSbands.com and clicking the DONATE button at the top, where you can select your donation level or other amount and make the donation payment. (If you would prefer to send a check, please use the address above and make your check to WHHS Bands.)

The WHHS Band Boosters is a working 501c3, with a Federal ID# we will be glad to provide upon request.

Thank you very much for your time and consideration.
